To whom it may concern

Appointment of Business Development Manager, Vietnam

PLUSSMART Technology Pte. Ltd. (PlusSmart) is pleased to confirm that Hoan Tran has been appointed as Business Development Manager, Vietnam, with effect from 12 October 2026. Hoan works with PlusSmart to introduce our products and services to industrial customers across Vietnam, and is your first point of contact for PlusSmart in Vietnam. Hoan brings strong industrial experience and local relationships, and we are delighted to have him represent PlusSmart.

Products and services

Hoan represents all PlusSmart products and services shown on <https://plussmart.tech>, as updated from time to time. Our principal product lines are:

- ReliaPump (IQ, OS, Sync and 360)
- PlusSmart Analytics
- i-ALERT
- Poseidon Oil Products
- ElectroSine
- Flexaseal

Working with PlusSmart

Hoan will work closely with you to understand your plant and its priorities, and will coordinate with the PlusSmart engineering and support team to recommend the right solution. Official pricing, quotations and lead times are provided directly by PlusSmart, so you always receive confirmed information from us.
